

3/24/2020

Hello everyone,

In accordance with the State we are still able to golf at Indian Creek.

The following is an excerpt from the Oregon Golf Association's press release:

Executive Order 20-12, issued Monday, March 23 by Governor Kate Brown contained some conflicting information in regards to how it pertains to golf courses.

This order puts in place a "Stay Home" directive that takes a different approach than other states with "Shelter in Place" orders. In it, the Governor lists non-essential businesses that must close and gives OHA the authority to designate other closures needed to protect public health, but there was conflicting information as it pertains to golf courses.

We have received the following from the Governor's office:

"Golf is allowed as long as the social distancing measures are in place, country club activities for a gathering would not be allowed. We categorized golf similar to a hike or outdoor activity, rather than through "essential travel" which is meant to stop vacations."

Leah Horner
Regional Solutions Director
Jobs & Economy Policy Advisor
Office of Governor Kate Brown

We here at Indian Creek are taking measures to help keep players and employees safe during these uncertain times.

- It is imperative that we all maintain a six foot distance from one another at all times
- Ball washers have been decommissioned at this time
- Flagsticks are to be left in the hole at all times, do not touch the flagstick.
 - The ring in the cup to prevent the ball from going all the way to the bottom so that you do not have to touch the cup or flagstick.
- Sand and seed boxes on the tee boxes have been removed.

- We are sanitizing the carts before and after each use
 - We are requiring everyone to ride alone unless the second rider resides in the same home.

- Sand and seed bottles have been removed from the carts.
 - Please do your best to recover and replace your divots.
- We no longer are selling tokens for the driving range.
 - Range balls are still available. We are sanitizing the baskets after each use.
 - Range balls are being cleaned for use with a chlorine bleach solution.
- In an effort to help the cart cleaning process we are requiring all carts to be in by 5 pm.
 - You may continue to play later than 5 if you wish, enjoy the walk.
- Our pull carts will no longer be available for use, we apologize for the inconvenience.
 - To streamline the check in process and minimize needing to enter the clubhouse we are requiring that you pay online when you book your time or over the phone.
- It would be extremely helpful during this situation if we could have your credit card on file.
 - This will minimize the need to come into the clubhouse.
- There is no public Food and Beverage Consumption allowed in or around the clubhouse or its patio.
- To Go Food is available to be consumed away from the clubhouse.

Thank you all for your continued support through this unprecedented situation. We look forward to being back to full operation as soon as possible.

Indian Creek & Divots Management
